CIBES COLOR SELECTION

PREMIUM LIFT COLORS

Cibes already offers over 250 standard colors. But we wanted something new, something unique.

Over the past three years we have travelled the world looking for the best colors for our lifts. Our expert designers have finally found it, and although it requires a complex application through high-temperature powder coating, we know the result is worth it.

Specially designed in the USA for Cibes, you won't find these colors anywhere else. The colors only for you.
